Attachment I 2024 Business Report

Welcome to the annual shareholders’ meeting. The Company’s 2024 operating results and this year’s business plan will be reported to each shareholder:

I. 2024 Operating Results

Unit: Expressed in thousands of New Taiwan Dollars

Item	2024	2023	Annual growth rate (%)
Operating revenue	3,671,640	2,397,675	53
Operating margin	39%	36%	8
Operating expenses	636,106	525,060	21
Net operating profit	790,252	332,096	138
Net profit after tax	636,471	301,613	111
Earnings per share (NT\$)	10.10	4.79	111

During fiscal year 2024, the Company experienced stable growth in its operational performance, reaching a historic high. The economic conditions in Europe, America, and Japan continue to recover. Additionally, the acquisition of new clients and the introduction of new products have contributed to our ongoing revenue growth. Despite the relatively weak economic conditions in the Chinese market and a noticeable trend of consumption downgrade, which led to annual revenue falling slightly below our expected target, we still managed to achieve year-on-year growth through the joint efforts of our team. In the fiscal year 2024, total revenue reached NT\$3.67 billion, representing a growth of 53% compared to the previous year. Earnings per share were NT\$10.10, an increase of 111% from last year's NT\$4.79.

In terms of production and supply, due to changes in the product structure of orders and the growing demand for colored contact lenses, we undertook a phased transformation of the transparent lens production line in the first half of 2024, converting it into a production line capable of manufacturing colored contact lenses to meet market order demands. As order volume has increased, we have successfully raised the average capacity utilization rate to over 90% in the second half of the 2024. We also continue to optimize the efficiency of our production equipment, resulting in a monthly production capacity of 42 million units.

In the realm of product development, after years of dedicated effort, we successfully launched our presbyopia glasses into the European market during the second half of 2024. Additionally, we introduced astigmatism products in the Japanese market, further enhancing our silicone hydrogel product line. The launch of these new products will positively impact the Company's future business growth.

All colleagues will persist in upholding the spirit of craftsmanship, consistently striving for excellence. We will concentrate on the continuous development of technology, products, and

markets, progressing towards the Company's vision of "reproducing the truth, goodness and beauty of the vision" to generate greater value for our shareholders.

II. Summary of Business Plan for 2025

I. Operating Policy

The Company adheres to the corporate vision of "reproducing the truth, goodness and beauty of the vision", with a focus on the eye wellness industry while always paying close attention to patient needs and market dynamics. We are continuously committed to researching, developing, and producing world-class high-quality medical products. At the same time, the Company adheres to integrity and conscientious management, prioritizing the interests of all stakeholders. We continuously expand our global market by providing high-quality products and services.

2. Sales Forecast and its Basis

Looking ahead to this year, we anticipate that easing inflationary pressures in the European and American markets, coupled with the emergence of a rate-cutting environment, will lead to a gradual recovery in end consumer spending, leading to a stable increase in customer sales volume. Driven by new customers and new products, the demand in the Japanese market is expected to grow robustly. In contrast, the Chinese market has not demonstrated significant recovery, and we maintain a cautious outlook for growth this year.

In such a market context, the Company will continue to operate steadily in accordance with its annual plan and actively respond to market changes. In the European, American, and Japanese markets, we will actively promote presbyopia and astigmatism silicone hydrogel contact lenses to expand our customer base. For the Asia-Pacific market, we will intensify the promotion of silicone hydrogel colored contact lenses and blue light blocking products. We expect that revenue and profits for the fiscal year 2025 will continue to grow.

3. Important production and sales strategy

- (1) We will closely monitor the competitive dynamics in various national markets and establish closer collaborations with our clients to better meet their product demands and order requirements.
- (2) We are committed to providing the most comprehensive product line and continuously improving the safety and comfort of long-term wear to fulfill our commitment to high-quality products.
- (3) The Company will properly utilize its resources to support continuous growth and gradually implement sustainable business development in accordance with ESG guidance policies. In 2024, we installed the third phase of solar power generation system at our factory and commenced operations, thereby continuously increasing the proportion of green power. Simultaneously, we are gradually completing carbon inventory and carbon reduction plans for all organizations.

III. Future Development Strategy

Expend effort into understanding people's demand and markets for vision correction and maintenance, eye health, and medical care through the vision of "reproducing the truth, goodness and beauty of the vision". Establish autonomous capabilities in core R&D and production while releasing superior ophthalmic products in target markets, create mutual benefit for customers and distribution channels through frequent marketing to create long-term value for the Company and benefit shareholders.

IV. The impact from the external competitive environment, regulatory environment, and overall business environment

The recovery of China's economic momentum will be the biggest variable in market demand this year. Fortunately, according to the market status report published by Contact Lens Spectrum in January 2025, which referenced data from Baird, the global contact lens market experienced a growth of approximately 4.13% in 2024 compared to 2023. The overall market demand is expected to continue to grow.

Given the global scope of the Company's product sales, we inevitably encounter direct competition from international corporations and other contact lens manufacturers. International corporations not only offer a comprehensive product line but also possess strong marketing resources. They engage in close collaboration with professional sales channels such as ophthalmology clinics and optical shops. These factors have created significant pressure on the Company's market development. The Company is currently the leading manufacturer of silicone hydrogel contact lenses in Asia. However, as competitors continue to launch silicone hydrogel products, we will face greater challenges in business development.

The Company adheres to the spirit of continuous improvement by closely monitoring market competition trends and changes. We aim to transform customer needs and competitive pressures into the driving force for growth. We will continuously improve our capacity to respond promptly to competitive threats and actively seize market opportunities to provide high-quality products that meet consumer demands. At the same time, we will rigorously control operational efficiency and costs, continuously optimizing our operational model to ensure the Company's long-term stable growth and profitability.

The Company appreciates the support and encouragement given by our shareholders. The operating team and all colleagues will continue our dedication towards maximizing benefit for both shareholders and the Company. We wish you all the best and much success.

1. Please specify the independent director remuneration policy, system, standard, and structure, and the connection between the amount of remuneration and the factors, such as their job responsibilities, risks, and time contributed. In addition to the fixed remuneration determined according to the Director and Functional Committee Members Remuneration Regulations, the remuneration for company directors should not exceed one percent of the annual profit, as defined in the company's articles of incorporation. Profit refers to pre-tax income after deducting employee and director remuneration. The allocation of remuneration should be based on the board of directors' actual performance and the results of performance evaluations, and should be distributed to directors who do not hold executive positions.

2. Other than disclosures in the table above, remuneration paid to directors for providing services (such as consulting services as a non employee) for all companies in the consolidated financial statements in the most recent year: None.

The proposal to issue Director and employee remunerations according to this table was ratified by the Remuneration Committee and Board of Directors on March 12, 2025.

Attachment 4 2024 Related Party Transactions

The situation regarding our company's acquisition of real estate usage rights from related parties is as follows.

The date of the board resolution, the transaction counterpart, the nature of the transaction, and the relationship with the company	Name of the subject	Actual transaction situation	Purpose, necessity, expected benefits, and reasons for selecting related parties	Basis for price determination	The original acquisition date and price by the related party, the transaction counterpart, and the relationship between the company and the related party	Cash flow forecast for the next year and an evaluation of the reasonableness of fund utilization
On November 7, 2024, the board of directors resolved to acquire real estate usage rights assets from the related party, Qisda Corporation.	The usage rights assets for the office located at 1-3F, Asia Pacific Building, No. 1 Xingye Street, Guishan District, Taoyuan City.	The acquisition amount for the usage rights assets is NT\$17,790,000; rent will be paid monthly, and the lease term is 6 years.	The usage rights assets for the existing office on the 1st to 3rd floors, originally leased, will have the lease expire on March 31, 2025. The lease will be renewed with the office owner to meet operational needs.	In addition to referencing the rent of our other offices, we also considered the per-ping rent for real estate usage rights assets leased by BenQ Medical from related parties, as well as the per-ping rent of nearby factory offices.	The related party originally acquired the real estate on December 21, 2001, through a self-commissioned construction of the factory office. This time, we are leasing part of the factory office from the related party, and the original acquisition date is more than five years from the date of this transaction agreement.	The cash flow forecast has been prepared, and after evaluation, this transaction has no significant impact on the company's overall fund utilization and there are no other restrictive conditions.

Attachment 6 2024 Independent Auditors Report and Financial Statements

Independent Auditors' Report

To the Board of Directors of Visco Vision Inc.:

Opinion

We have audited the consolidated financial statements of Visco Vision Inc. and its subsidiaries, which comprise the consolidated balance sheets as of December 31, 2024 and 2023, the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of Visco Vision Inc. and its subsidiaries as of December 31, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards (“IFRSs”), International Accounting Standards (“IASs”), interpretations developed by the International Financial Reporting Interpretations Committee (“IFRIC”) or the former Standing Interpretations Committee (“SIC”) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of Visco Vision Inc. and its subsidiaries in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for Visco Vision Inc. and its subsidiaries' consolidated financial statements for the year ended December 31, 2024 are stated as follows:

I. Revenue recognition

Please refer to Note 4(o) for the accounting policies on revenue recognition and Note 6(t) for related disclosures of revenue recognition, respectively, to the consolidated financial statements.

Description of key audit matter:

Visco Vision Inc. and its subsidiaries deal with customers located in different geographic areas worldwide and have various trade terms with customers. Revenue is recognized at the timing of transferring control of goods to customers, which is identified based on each individual sale transaction and trade term. This exposes Visco Vision Inc. and its subsidiaries to the risk that the sales transactions made close to the balance sheet date are not recorded in the appropriate period. Therefore, revenue recognition has been

identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included, among others, testing Visco Vision Inc. and its subsidiaries' internal controls over financial reporting in the sales and collection cycle; performing a sample test on sales transactions that took place before and after the balance sheet date to assess the accuracy of the timing of revenue recognition through understanding of trade terms between Visco Vision Inc. and its subsidiaries and their customers as well as vouching related transaction documents.

2. Impairment of goodwill

Please refer to Note 4(m) for the accounting policies on impairment of non-financial assets, Note 5 for the uncertainty of accounting estimations and assumptions for goodwill impairment, and Note 6(j) for related disclosures of impairment test of goodwill, respectively, to the consolidated financial statements.

Description of key audit matter:

Goodwill arising from the acquisition of From-eyes Co., Ltd. is subject to an impairment test annually or when there are indications that goodwill may have been impaired. The assessment of the recoverable amount of cash generating units that include goodwill involves management's judgement and estimation. Accordingly, the assessment of impairment of goodwill has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included, among others, obtaining the assessment of impairment of goodwill provided by the management; assessing the appropriateness of the estimation and key assumptions, including the discount rate, expected revenue growth rate and future cash flow projections, used by the management in measuring the recoverable amount; evaluating the historical reasonableness of management's estimates of financial forecasts and performing a sensitivity analysis of key assumptions and results and assessing the adequacy of Visco Vision Inc. and its subsidiaries' disclosures with respect to the related information on goodwill impairment.

Other Matter

Visco Vision Inc. has additionally prepared its parent-company-only financial statements as of and for the years ended December 31, 2024 and 2023, on which we have issued an unmodified audit opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the IFRSs, IASs, IFRIC, SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing Visco Vision Inc. and its subsidiaries' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate Visco Vision Inc. and its subsidiaries or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing Visco Vision Inc. and its subsidiaries' financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Visco Vision Inc. and its subsidiaries' internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Visco Vision Inc. and its subsidiaries' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause Visco Vision Inc. and its subsidiaries to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within Visco Vision Inc. and its subsidiaries to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Kao, Ching-Wen and Hsu, Shih-Chun.

Independent Auditors' Report

To the Board of Directors of Visco Vision Inc.:

Opinion

We have audited the parent-company-only financial statements of Visco Vision Inc. ("the Company"), which comprise the parent-company-only balance sheets as of December 31, 2024 and 2023, the parent-company-only statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the parent-company-only financial statements, including a summary of material accounting policies.

In our opinion, the accompanying parent-company-only financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2024 and 2023, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent-Company-Only Financial Statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the parent-company-only financial statements of the current period. These matters were addressed in the context of our audit of parent-company-only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the Company's parent-company-only financial statements for the year ended December 31, 2024 are stated as follows:

I. Revenue recognition

Please refer to Note 4(o) for the accounting policies on revenue recognition and Note 6(s) for related disclosures of revenue recognition, respectively, to the parent-company-only financial statements.

Description of key audit matter:

The Company deals with customers located in different geographic areas worldwide and has various trade terms with customers. Revenue is recognized at the timing of transferring control of goods to customers, which is identified based on each individual sale transaction and trade term. This exposes the Company to the risk that the sales transactions made close to the balance sheet date are not recorded in the appropriate period. Therefore, revenue recognition has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included, among others, testing the Company's internal controls over financial reporting in the sales and collection cycle; performing a sample test on sales transactions that took place before and after the balance sheet date to assess the accuracy of the timing of revenue recognition through understanding of trade terms between the Company and its customers as well as vouching related transaction documents.

2. Impairment of goodwill from investments in subsidiaries

Please refer to Note 4(m) for the accounting policies on impairment of non-financial assets, Note 5 for the uncertainty of accounting estimations and assumptions for goodwill impairment, and Note 6(g) for related disclosures of impairment test of goodwill, respectively, to the parent-company-only financial statements.

Description of key audit matter:

Goodwill arising from the acquisition of From-eyes Co., Ltd., which is included in the carrying amount of investments accounted for using the equity method, is subject to an impairment test annually or when there are indications that goodwill may have been impaired. The assessment of the recoverable amount of cash generating units that include goodwill involves management's judgement and estimation. Accordingly, the assessment of impairment of goodwill has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included, among others, obtaining the assessment of impairment of goodwill provided by the management; assessing the appropriateness of the estimation and key assumptions, including the discount rate, expected revenue growth rate and future cash flow projections, used by the management in measuring the recoverable amount; evaluating the historical reasonableness of management's estimates of financial forecasts and performing a sensitivity analysis of key assumptions and results and assessing the adequacy of the Company's disclosures with respect to the related information on goodwill impairment.

Responsibilities of Management and Those Charged with Governance for the Parent-Company-Only Financial Statements

Management is responsible for the preparation and fair presentation of the parent-company-only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of parent- company-only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent-company-only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Parent-Company-Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent-company-only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent-company-only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent-company-only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent-company-only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent-company-only financial statements, including the disclosures, and whether the parent-company-only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the investee companies accounted for using the equity method to express an opinion on the parent-company-only financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent-company-only financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Kao, Ching-Wen and Hsu, Shih-Chun.

Article 5: This Company's total capital is rated at NT\$900 million, divided into 90 million shares each valued at the amount of NT\$10 and issued in batches. Of the total share capital in the preceding paragraph, NT\$2,051,000, or 2,051,000 shares are reserved for the issuance of employee stock option certificates valued at NT\$10 per share. For the remaining unissued shares, the Board of Directors is authorized to issue them in tranches as ordinary or special shares.

Article 5-1: Deleted.

Article 5-2: If the Company intends to issue employee stock option certificates at a subscription price below market

value (net value per share) of the public offering, it must comply with Articles 56-1 and 76 of the Regulations Governing the Offering and Issuance of Securities by Securities Issuers and pass resolution in a shareholders' meeting prior to issuance.

- Article 5-3: If the Company intends to transfer repurchased shares to employees below the average price of repurchased shares of the public offering, it must comply with Articles 10-1 and 13 of the Regulations Governing Share Repurchase by Exchange-Listed and OTC-Listed Companies. A resolution must be passed at the latest shareholders' meeting (with attendance by shareholders owning more than half of issued shares and an affirmative vote by more than two-third of attending shareholders) prior to transfers.
- Article 5-4: The shares purchased by the Company in accordance with the Company Act may be transferred to employees as stock option certificates, purchase of newly issued shares, or new shares with restricted if the employees of controlling or subsidiary companies meet certain conditions. The Board of Directors is authorized to establish these conditions.
- Article 6: Unless otherwise stipulated by laws and securities regulations, the Company's handling of shares must comply with Regulations Governing the Administration of Shareholder Services of Public Companies; if the relevant laws and regulations are changed, they must be implemented in accordance with the changed laws and regulations at any time.
- Article 7: This Company's stock certificates shall be signed or stamped by the Director representing the Company and issued by a bank that is legally authorized to act as a stock issuer. The shares issued by the Company are exempt from printing stock certificates. However, a centralized securities depository must be requested to handle custodianship and registration, which shall be conducted in accordance with the rules and regulations of the depository.
- Article 8: Changes to this Company's list of shareholders shall be halted 60 days prior to a regular shareholders' meeting, 30 days prior to an extraordinary shareholders' meeting, or 5 days prior to the base date on which the Company has determined to distribute dividends, bonuses, or other benefits.

Chapter III. Shareholders' Meeting

- Article 9: Shareholders' meetings are categorized as regular or extraordinary. By law, regular shareholders' meetings are convened once a year by the Board of Directors and must be convened within 6 months upon the conclusion of the fiscal year. Extraordinary shareholders' meetings are convened according to laws and regulations whenever necessary. Shareholders must be notified 30 days prior to the convenement of a regular shareholders' meeting and 15 days prior to an extraordinary shareholders' meeting.
- Article 9-1: Shareholders who agree to the convenement of this Company's shareholders' meeting must reply with written or electronic correspondence.
- Article 9-2: When convening shareholders' meetings, the Company must provide video conferencing or an alternate method announced by the central competent authority. If video conferencing is provided, shareholders participating in the meeting will be deemed to have attended in person.
- Article 10: If a shareholder is unable to attend a shareholders' meeting, they must submit a signed and stamped proxy form printed by this Company, clearly stating the attendance of a proxy and their authorized scope. The form must be delivered to this Company 5 days prior to the shareholders' meeting.
- Article 10-1: Shareholders with 1% or more of the Company's total issued shares may submit a maximum of one written proposal at the regular shareholders' meeting; any additional proposals shall not be included for discussion. These matters shall be handled in accordance with the Company Act and other relevant laws and regulations. The attendance of shareholders' proxies must comply with Article 177 of the Company Act, Article 25-1 of the Securities Exchange Act, and the competent authority's Regulations Governing the Use of Proxies for Attendance at Shareholder Meetings of Public Companies.
- Article 11: Other than the stipulation of non-voting rights in Article 179 of the Company Act, each share held by this Company's shareholders shall possess one vote.

Article 12: Resolutions during shareholders' meetings, unless otherwise stipulated by the Company Act, must be passed with the attendance of shareholders possessing more than half of the Company's total issued shares and an affirmative vote from the majority of attending shareholders.

Article 12-1: The President will act as chair presiding over shareholders' meetings. If the President is absent, they shall designate a Director as chair. If no designation is provided, the Directors shall appoint one member as chair; If a shareholders meeting is convened by a party with power to convene but other than the Board of Directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chair from among themselves.

Article 12-2: Resolutions during shareholders' meetings shall be recorded in meeting minutes and signed by the chair. The meeting minutes shall be distributed to each shareholder within 20 days of the meeting; the production and distribution of the meeting minutes can be conducted electronically. The distribution of the preceding paragraph's meeting minutes shall be conducted in accordance with the announced method. Records of the meeting agenda, sign-in book of attending shareholders, letter of attorney for attending proxies, and their preservation period shall be handled in accordance to Article 183 of the Company Act.

Article 12-3: When the Company convenes a shareholders' meeting, shareholders may exercise their voting rights by correspondence or electronic means; when voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice.

Chapter IV. Directors and Audit Committee

Article 13: The Company shall establish 5 to 9 Directors serving a term of 3 years. A candidate nomination system is in place to elect Directors from a list of candidates at shareholders' meetings; those who are re-elected may serve additional terms. The Company shall purchase liability insurance for Directors during their terms in accordance with laws for the purpose of liable compensation for the execution of the Company's business scope. The Board of Directors is authorized to determine remuneration based on the degree and value of their contribution to this company's operations while also referencing the standards of industry peers.

Article 13-1: The number of Independent Directors of the Company shall be no less than two and no less than one fifth of the total number of Directors. The Company adopts a nomination system for elections. Independent supervisors shall be elected from among the nominees in the shareholders' meeting. With respect to the professional qualifications, shareholdings, restrictions on taking part-time jobs, nomination, election/appointment and other compliance-related requirements for Independent Directors from the preceding paragraph, the Company shall follow the relevant regulations announced by the competent authority in charge of the securities industry.

Article 13-2: If the number of vacancies in the Board of Directors reaches one-third, the board shall convene an extraordinary shareholders' meeting within 60 days to elect Directors.

Article 13-3: If an election cannot be held prior to the fulfillment of Directors' terms, an extension is permitted so they may execute their duties until an election is held to appoint new Directors, unless otherwise stipulated by the Company Act.

Article 13-4: The Company has established an Audit Committee composed entirely of Independent Directors in accordance with the Securities Exchange Act. One Independent Director has been appointed as convener and at least one must possess expertise in either accounting or finance. Resolutions passed by the Audit Committee require an affirmative vote from more than half of all members. The Audit Committee established by this Company in accordance with laws and regulations is responsible for executing the supervising duties as stipulated in the Company Act, Securities Exchange Act, other relevant laws, and the provisions set forth in the articles of incorporation.

Article 13-5: The Company may, if necessary, establish functional or remuneration committees under the Board of Directors; the implementation and duties of relevant committees are handled in accordance to the laws and regulations of the competent authority.

Article 14: The Board of Directors is composed of Directors. The selection of a chair requires the attendance of more than two-third of Directors and a majority vote of approval; the selection of a vice chair shall be conducted in the same manner. The chair acts as representative of this Company.

Except where otherwise provided in the Company Act, the passage of a proposal at a board meeting shall require the approval of a majority of the Directors in attendance at a board meeting attended by a majority of all Directors.

Other than those living abroad or otherwise stipulated by the Company Act, Directors who are unable to attend Board of Director meetings must submit a letter of attorney to appoint another Director as proxy; the letter must state the proxy's authorized scope and reason for convenement. Only one proxy may be appointed per Director.

Directors shall be notified of board meetings 7 days prior to the meeting with the reason indicated; board meetings may be convened at any time in the event of an emergency. Convenient of the board meeting may be notified by fax or e-mail.

Article 15: If the President is on leave or unable to exercise their duties, a proxy must be handled in accordance with Article 208 of the Company Act.

Article 16: Deleted.

Chapter V. Managerial Officer

Article 17: The Company may appoint managers whose appointment, dismissal and remuneration shall be handled in accordance with Article 29 of the Company Act.

Chapter VI. Accounting

Article 18: The duration of this Company's fiscal year is from January 1 to December 31. The Board of Directors must prepare an (1) operating report, (2) financial statement, (3) proposal for profit distribution or loss compensation, and other reports at the end of each fiscal year. The reports must be submitted at regular shareholders' meetings for ratification in accordance with laws and regulations.

Article 19: Deleted.

Article 20: When this Company has a profitable year, 5-20% and no more than 1%, respectively, shall be allocated for the remuneration of employees and Directors. However, if the Company has accumulated losses, an amount should be reserved for compensation before allocating the remaining amount for appropriation. If stock certificates or cash are issued to the employees from the preceding paragraph, they must meet the qualifications of being the Company's domestic or foreign employees. The conditions and distribution is authorized by the Board of Directors or by another person authorized to perform this decision.

Article 20-1: If, at the end of the year, there is a surplus in the Company's final account, an amount should first be withdrawn for taxes and make up for previous losses; 10% shall then be allocated as statutory surplus reserve except in cases where the statutory surplus reserve has achieved the total paid-in capital. If required by law or regulations set forth by the competent authority, the special surplus reserve shall be withdrawn or reversed; if a surplus and accumulated undistributed surplus remain, the Board of Directors shall prepare a surplus distribution plan and submit it to the shareholders' meeting for resolution.

The profit distribution and loss allocation of this Company are conducted after the end of each 6 months in the fiscal year. Once the operating report and financial statement are submitted to the Audit Committee for review, it is proposed at the Board of Directors meeting and reported at a shareholders' meeting.

If the Company's surplus distribution is made in cash dividends, the provisions of the preceding paragraph shall apply; if distributed through the issue of new shares, it shall be handled in accordance with Article 240 of the Company Act.

The Company may issue new shares or cash from the statutory surplus or capital reserve in accordance

with Paragraph 2, Article 241 of the Company Act. If the method of the preceding paragraph shall be distributed in cash, the Board of Directors is authorized to resolve the matter and submit a report at the shareholders' meeting.

This Company is involved in a technology-intensive business and currently undergoing a growth phase. As such, the Company has adopted a residual dividend policy to ensure sound growth and sustainable operations in addition to the purpose of long-term capital planning and satisfying the cash flow requirements of shareholders. If the Company has an annual surplus and plans to distribute dividends in consideration of future expansion needs, operating scale, and cash flow, the proportion of cash dividends distributed each year shall not be less than 10% of the total amount of cash and stock dividends in the current year; also, the total amount of dividends distributed shall not be below 10% of accumulated undistributed surplus.
